## Experience Our Culture

Gain insight on Famous' history, culture, customer support, and services at [famous-supply.com/careers](http://famous-supply.com/careers)

Established in 1933, Famous Supply® is a fourth generation family-owned company.

Famous specializes in **HVAC, Plumbing, Industrial, Building Products, and Training**. As a wholesale-only business, Famous Supply treats every Customer with a commitment to quality and personal service. We sell into the residential, commercial and industrial market segments for new construction, replacement, repair, remodel, parts and service. Famous' product offering gives our Customers opportunities to continue to grow.

Founder Hyman Blaushild's mission was to supply heating contractors in Cleveland, Ohio with the products, parts and services they needed to deliver comfort during frigid Northeast Ohio winters. What began as one branch on Woodland Avenue has grown to **36 branch locations, 5 regional distribution centers, 8 kitchen, bath, window and door showrooms, and 20 Famous University classrooms**. The company has evolved into one of the industry's premier distributors of HVAC, Plumbing, PVF, and Building Products.

"When I think about where we are as a company, where we've been, and where we're going, it's exciting because our future is bright. We respect our heritage and our tradition, and work to innovate and evolve. It's all about our people. Our people care and they're working as a team, and that makes it all worthwhile".

-Marc Blaushild, CEO & Chairman

**Our purpose is to build meaningful relationships for life.** We know our greatest asset is our quality associates dedicated to serving you, our valued customer, and we do that by living our **5 Core Values:**

Family

Trust

Communication

Teamwork

Continuous Improvement

# PROUD TO SERVE YOU FOR OVER 90 YEARS

Even after 90 years, Famous continues to look towards improving and getting better at what we do. Brian Blaushild, fourth generation president, says, "I truly feel we're as young of a company at 90 as you can possibly be. While we respect and take tremendous pride in our history, we're constantly looking towards the future with a focus on innovation and continuous improvement, so we can ultimately serve our customers better. Our purpose has been and will continue to be Building Meaningful Relationships for Life."

# A NEW ERA OF INDUSTRY TRAINING

The Jay Blaushild Training & Education Center (J-TEC) is a state-of-the-art training facility designed to support the evolving needs of HVAC, plumbing, hydronics, and electrical controls professionals.

Attached to Famous Supply's Cleveland Regional Distribution Center, J-TEC was purpose-built to deliver **immersive, real-world education** for both seasoned tradespeople and those entering the industry. The center reflects Jay Blaushild's belief that professional growth is a continuous journey, **providing a modern environment** where learning, innovation, and workforce development come together.

A combination of fully-equipped labs and classrooms makes J-TEC a premier destination for hands on trade education. Training labs support a wide range of **residential and commercial applications**, including HVAC installation and maintenance, refrigeration certification, ductless mini-splits, tank and tankless water heating, boilers, hydronics, backflow prevention, and HVAC electrical controls and low-voltage wiring.

## J-TEC Highlights:

- **25,000** square feet
- **12** fully-equipped Specialty Labs
- **3** Classrooms
- Multi-purpose Legacy Event Room
- Expert Speaker Series
- Product & Technical Symposiums
- Leadership & Business Conferences
